Biography e info about the author/s:

Mehtap Sayiner, as the Cittaslow Yeniboğaziçi Coordinator, carries out projects focused on sustainable living, preservation of cultural heritage, support for local production, and social awareness.

The video titled “In Cittaslow Yeniboğaziçi, Every Story Begins with a Seed” presents the cultural journey that begins with ancestral seeds and continues through traditional knowledge and collective memory passed on to younger generations.

Throughout the video, environmentally respectful sustainable agricultural practices, traditional production methods, and cultural workshops demonstrate the preservation and continuation of cultural values.

Traditional halloumi cheese making, handmade pasta production, basket weaving, and cultural handicrafts transform knowledge into experience, and experience into cultural heritage.

The video reflects the Cittaslow philosophy by emphasizing sustainability, cultural continuity, social solidarity, and harmony with nature.
